   a. https://support.schoology.com/hc/en-us/articles/201000873-Parent-Guide

7. Please explore this link which details good information for students.
   a. https://support.schoology.com/hc/en-us/categories/200077723-Students

Course Materials

Assignments

Assignments are a graded material type. Each assignment may require you to make a submission. Once you've made a submission, the instructor can grade the assignment, provide feedback, and upload a file back to you.

Tests/Quizzes

Test/Quiz is a graded material type that instructors use to assess their students' comprehension and readiness. Students can access their tests/quizzes from anywhere they can access other graded materials.

Assessments

Assessments are a type of graded material used by instructors to evaluate their students' comprehension and readiness.

Files

Files that have been added to your course may appear inside of Folders or in the Files/Links area of your course Materials page. Typical file types (Word, Excel, PowerPoint, PDF) can be viewed in your browser without having to download the file.

Links

Links provide a central location for webpages for online reading, videos and tools used in your class.

External Tools

External or LTI (Learning Tools Interoperability) Tools enable web-based resources to be accessed and viewed within your course.

Discussions

Discussions are interactive conversations that allow participation between you, your classmates, and your instructor. Each discussion has threaded commenting, allowing you to respond to any post by another student.

Pages

Pages are resources containing text, images, videos, HTML, or any combination of these elements created by your instructor to supplement the course.

Media Albums

Media albums can contain photos, videos, and/or audio files. With your instructor's permission, you may comment on each item within the album, or even upload your own files.

Web Content

Web Content enables students to view course content your instructor may have available from another system.

SCORM

SCORM packages enable students to view course content your instructor may have available from another system.

Folders

Instructors may use folders to organize your course materials.

Rubrics

Rubrics measure student performance against multiple criteria.
